

JOY Class

Your home learning for each term is YOUR CHOICE! You will be given you 3 weekly activities that **must** be done. You will then have 4 further activities to choose from and you will need to complete at least 2 of these activities over the term. If you think of something different to those that are listed, check with your teacher and you could do that instead! It is entirely up to you how you present your work but please try to do a variety of tasks. All home learning is due in on a **Wednesday**.

Must do activities (weekly)	<p><b>Reading x3 per week</b> : Remember to record all reading in your reading diary</p> <p><b>2.Complete the weekly home learning tasks set by Mrs Magson</b></p> <p><b>3. Spellings:</b> Practise your spellings ready for your check up on Friday</p>
Must do activity (during the term)	<p>This term I am setting you an ongoing project to complete over the next 5 weeks. You will need to bring in your finished project on 10<sup>th</sup> February to share with the rest of the class. Your project is to design and make an animal habitat. You may choose any animal of your choice and be as creative as you like! I have attached some pictures to help you and give you a starting point – however please don't feel you need to copy these. I look forward to seeing your finished habitats.</p> <div data-bbox="302 774 862 1093"></div> <div data-bbox="918 798 1355 1133"></div> <div data-bbox="1444 734 1792 1005"></div> <div data-bbox="1859 917 2105 1157"></div>

**TOP TIP!** Most of these projects may take a few goes before they are finished, that's normal. Plan out what you want to do before you start, chat through your ideas with someone else if you want to **but the end result must be your own work**. Take your time, redraft if you need to. Produce your best work and have fun!
