

Sutton Benger C of E Primary School Termly Home Learning Planner

Dove Class: Term 2 2019 - 20

In addition to weekly home learning, you have a further four activities you could choose from below. We are hoping you will put in a lot of effort for each piece and you will enjoy sharing all your hard work with the rest of the class.

TERMLY	<p><u>Mixed-up tale</u></p> <p>Draw a picture of a character from a traditional tale (e.g. the Big Bad Wolf or Cinderella) in a setting from a different tale (e.g. on the beanstalk or running away from a fox). Give your picture a title and write a few sentences about the new story you have created. For example: <i>In my story, a poor wolf really wants to go to the ball but his nasty step-sisters won't let him! Luckily he is helped by a friendly gingerbread man.</i></p>	<p><u>Mapping your home</u></p> <p>Imagine you are looking down at your bedroom from your ceiling or your garden from the sky. Create a map of the important features that could help someone find their way around that space. Use symbols to show the features (e.g. for the wardrobe and bed or greenhouse and path). Include a key of any symbols you use and, if you can, show North, South, East and West.</p>
	<p><u>Nocturnal Animals</u></p> <p>Which animals come out at night? Choose one and create a fact file to share with the class. Include details of where they live and what they eat and, importantly, why they are active at night and sleep during the day.</p>	<p><u>Numbots</u></p> <p>This is a fun online maths resource that the school has made available to you. Build and improve your own robot character as you learn key addition and subtraction facts. Your login details are the same as for Times Tables Rock Stars and are in the front cover of your school diary.</p>

TOP TIP! Most of these projects may take a few goes before they are finished, that's normal. Plan out what you want to do before you start, chat through your ideas with someone else if you want to but the end result must be your own work.

Take your time, start again if you need to. Produce your best work and have fun!
