

You will be given **weekly activities that must be done**. In addition, you have a further 4 activities to choose from below. At least two of these termly activities must be completed and handed in – one of which **MUST** be the RE task. We are looking forward to sharing all your hard work with the rest of the class.

Weekly activities:

- **Reading (at least 3x per week – recorded in your school diaries)**
- **Spelling/maths and grammar home learning set from revision books. (Books must be in school daily.)**

TERMLY

Art

(Linked to our termly book ‘Kensuke’s Kingdom’ and to Viking topic.)

Using a media of your choice, (e.g. draw, paint, collage, pastels...) create a stormy sea scene.

In RE, we will be discussing ‘Creation and Science – conflicting or complementary?’

By the end of January please collect, and bring in, images that make you marvel/make you stop and wonder how amazing the world is.

We will share these and consider what difference it would make to how people treat the Earth if we all reflected on it like this more regularly.

We will discuss making connections between this experience and how reading Genesis 1 might help to inspire Christians to care for the Earth and to worship God.

History/Maths

Create a timeline of key events that happened between the start of the Anglo-Saxon era and the end of the Vikings.

PSHE

Choose a new year’s resolution, if you haven’t already done so. Throughout term 3, keep a short journal of your progress with this resolution. It could be a resolution:

- to become more active/set an exercise goal
- to carry out a good deed each day
- to learn a new word every day
- to practice your times tables/read every day...

If you need a book to use as a journal, come and collect one from me.

TOP TIP! Most of these projects may take a few goes before they are finished, that’s normal. Plan out what you want to do before you start, chat through your ideas with someone else if you want to **but the end result must be your own work**. Take your time, redraft if you need to. Produce your best work and have fun!
